There' s an alternative.

DIY → Do It Yourself – Skill Share – Autonomy ←
(No, You Don't Need to Buy That)

Come help plan the spring DIY fest/East Bay Skill Share. We will plan every aspect of the event. Anyone is welcome to participate.

The Barrington Collective builds genuine, supportive communities to overcome feelings of powerlessness, alienation and dependence and to provide social contexts for individual and group creative empowerment. It includes and is open to anyone. Its participants take on as much or as little as they want – no activist-pressure. The collective seeks to function non-hierarchically, autonomously and cooperatively to ensure the effectiveness of achieving these goals.
